4TH INTERNATIONAL CONFERENCE

Biosurfactants 2027

in Wrocław

The Meeting Point of Microbial Insight and Industrial Impact

KEY DATES

- **15 Jan 2027** Challenges due
- **31 Mar 2027** Early-bird ends
- **15 May 2027** Talk abstracts due
- **31 May 2027** Speakers notified

14–17 September 2027

Wrocław, Poland

UEW Continuing Education Centre

Plenary lectures by leading international experts – as in Stuttgart (2019, 2022) and Aachen (2025).

Scientific topics

- Discovery, biosynthesis and strain engineering
- Bioprocesses, scale-up and product recovery
- Models, soft sensors, digital twins and AI
- Structures, analytics and interfacial properties
- Applications and formulation
  cosmetics · home & I&I cleaning · agriculture · food · pharma & medicine · environment · oilfield & MEOR
- Safety, sustainability, economics & management
  optimisation · business models · change management

PARTICIPANTS

40+ countries

5 continents

~25% from industry

PUBLICATION

Abstract book with DOI

From potential to practice – new in 2027

- Your challenge, answered by labs from 40+ countries
- Sessions built around partners' challenges
- Lessons learned: what works, what doesn't and why
- One-to-one partnering, talent and EU-funded consortia

Organised by

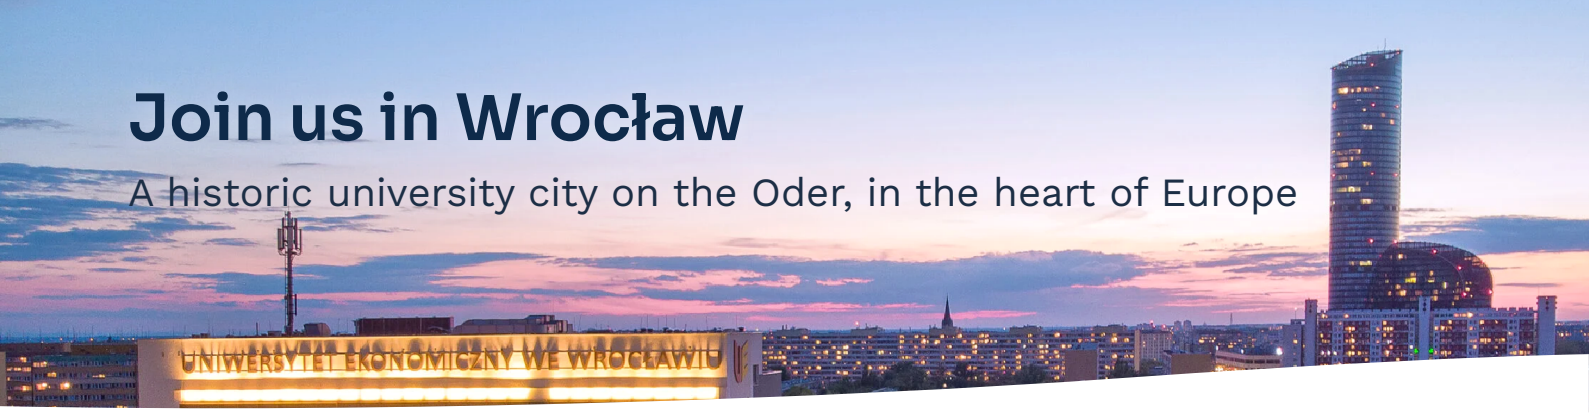

Wrocław University of Economics and Business

EFQM Fundacja Rozwoju Uniwersytetu Ekonomicznego we Wrocławiu

Abstracts · Registration · Partnership

Join us in Wrocław

A historic university city on the Oder, in the heart of Europe

For industry partners

Open
A challenge under your company's name

Anonymous
A challenge published by the organisers

Shared
Pre-competitive, for the whole sector

Details stay in one-to-one meetings; follow-up and IP are agreed between the parties.

Ways to get involved

Challenge partner
Bring a challenge and help select the best ideas

Programme partner
Co-create a session, talk or Meet the company slot

Young scientists
An award or travel grants in your name

Visibility
At the conference and in its communication

Scientific Committee

abstract review & scientific programme

Marcin Łukaszewicz (Wrocław University of Economics and Business, Poland) · **Rudolf Hausmann** (University of Hohenheim, Germany) · **Lars M. Blank** (RWTH Aachen University, Germany) · **Till Tiso** (Bielefeld University, Germany) · **Sophie Roelants** (Ghent University & AmphiStar, Belgium) · **Leonie A. Sarubbo** (Catholic University of Pernambuco & IATI – Advanced Institute of Technology and Innovation, Brazil) · **Richard Gross** (Rensselaer Polytechnic Institute, USA) · **Amol Hivrale** (Rossari Biotech, India) · **Eric Déziel** (INRS, Canada) · **Robbie Pott** (Stellenbosch University, South Africa) · **Andre F. P. Harahap** (Universitas Indonesia, Indonesia) · **Tomasz Wasilewski** (Radom University, Poland) · **François Coutte** (Polytech Lille, France) · **Tomotake Morita** (AIST, Japan)

Industrial Advisory Board

challenge sessions · seats open to partners
